

Department of Applied Mechanics

Name Dr. R. K. Ingle Professor & Dean (FW)	
Area of Specialization: Structural dynamics, FEM, Earthquake Analysis and Design	
Prominent journal paper publications: 10+ Published in Indian Concrete Journal	
Other prominent publications : 10+ Published in Journal of Structural Engineering	
Ph D research students guided, research topics, brief statement of achievements, photo of PhD students:	02
Sponsored research projects, brief statement of achievements:	03
Consultancy research projects, brief statement of achievements:	50+
Other capabilities: (administrative and other achievements) HOD, In-charge (Construction), Dean (FW)
